Even more, we set out to create a Barbershop that is fun, sociable and laid-back for both guests and Team Members alike. And that's where you come in. By joining the TG family, you now have a starring role in our aspirations and continued awesomeness.

The atmosphere and vibe in our shops is like nothing else. We not only offer the best of the best of talented Barbers, we have TV's in the mirrors, upgrade services and are the ultimate destination for hair care, styling, beard, shave, and grooming products. Plus, the beats are always pumping!!!
