### How much are the course fees?

The courses we offer do not have any fees to be paid by students. And although they do have a cost, this is 100% assumed by our organization.

### If I do not have any knowledge in programming, can I take the course?

Yes. While all prior knowledge helps, the courses are designed to start from scratch.

### Do you provide any certificate at the end of the course?

ComIT grants certificates to those students who complete the course, according to the criteria that is communicated at the beginning of it.

### In which cities and dates are the courses being held?

Courses' dates, schedules and cities will be announced on our social media channels. Follow us!

### What is the selection criteria?

- Legally entitled to work in Canada
- Situation of unemployment or underemployment
- Not able to financially afford other types of training
- Secondary school completed
- Interest in pursuing a career in IT
- Between 18 and 40 years old
- Technical orientation
