## LICENSED PRACTICAL NURSE POSITION

Is your heart the biggest part of you? Are you a Licensed Practical Nurse or Registered Nurse? If so, we really want to meet you. We are an elder care company dedicated to improving the quality of life for seniors by providing services that help them remain independent in their own homes.

With the current environment surrounding COVID-19, more clients and their families are self-isolating, and many seniors are left without their typical caregivers and family members. We are looking for passionate Nurses to play integral roles in helping our community move forward. Your safety is the uppermost priority and you will be able to provide care in a safe environment with appropriate PPE and measurements to maintain a safe environment.

At Nurse Next Door, we truly believe that Caregivers are at the heart of what we do.

Happy Caregivers = Happy Clients = Happier Aging

We are proud to have a culture that empowers our Nurses to go beyond providing the basics, helping us identify ways of infusing Happier Aging into client visits. Our Nurses are key in helping us deliver on those WOW experiences that set us apart.
